

Model 235

Budget Vacuum Sealer

The Model 235 vacuum sealer combines value with ruggedness. Perfect for sealing a variety of products from lightweight polyethylene to metalized barrier materials.

Model 235

Designed for stringent budgets in mind, the Model 235 budget vacuum sealer simplifies the process and cuts the cost of high-quality vacuum sealing.

Quality

Even with costs at an absolute minimum, we haven't sacrificed our customer's continuing demand for the highest quality, most cost effective product. From our attention to the smallest design and manufacturing details, to our demanding quality control programs, we strive to make sure that only the finest goes out the door.

Exceptional Value

The Model 235 industrial grade vacuum sealer provides affordable dependability and performance. Accu-Seal offers users with a one-year warranty, and free customer support.

Customer Service

Our dedicated sales and technical support teams are knowledgeable and ready to assist you when you call about your application. We work to set the industry standard for responsiveness and service to both existing and new customers.

Built-to-Last Reliability

Accu-Seal machines are designed and built with the highest quality components and manufacturing techniques to ensure unmatched product quality and many years of reliable, trouble-free service. Accu-Seal machines are all designed for easy installation, operation and maintenance.

One-Year Limited Warranty

We are confident with the quality and reliability of our products and offer a One-Year Limited Warranty. For further details please contact the Accu-Seal sales department. Accu-Seal machines are designed and manufactured with pride in the USA.
